

Adrian Lin

UX designer & web developer

I enjoy creating efficient, usable, and most importantly, memorable experiences in the apps I design and develop. As a web developer, I focus primarily on front-end development, and as a UX designer, I enjoy interaction design, information architecture, and usability testing.

Experience

Inked Voices

UX Consultant • Feb, 2015

- Conducted card-sorting to redesign the site navigation and information architecture.
- Wireframed, prototyped, and user-tested the site, and iterated upon user feedback.
- Strategically realigned site content to match with stakeholders' business goals.

RevTrax

Front End Web Developer • Jan - Oct, 2015

- Created mobile-friendly responsive websites for coupon campaigns.
- Researched and presented UX and usability issues to streamline the company's internal functioning, with some recommendations eventually being implemented.
- Tested and set up consumer data analytics tracking on campaigns.

Photo Hack Day NYC

Hackathon Grand Prize Winner • Dec, 2014

- Built *Shorts* with team, a mobile-focused app for private, shareable, editable albums.
- Task-flowed, wireframed, prototyped, and coded the UI with HTML, CSS, and jQuery.
- Worked with Ruby-on-Rails for user authentication and user-related back-end systems.

Kelly Faetanini

Marketing & Media Coordinator • Nov, 2013 - Apr, 2014

- Redesigned company website using UX principles to maximize ease of use and sales.
- Managed KF's social media and created visual content for sharing.
- Organized the Spring 2015 Collection Fashion Shoot and filmed the event.

Mint Digital

Consultant • Jun - Jul, 2013

- Produced a report from market research on the competitor landscape and strategies.
- Presented to clients suggested marketing tactics and positioning for the company.
